As a result of Legislative comment on the proposed regulation, the Department suggests that the following amendment be made to the version of the regulation submitted for public comment.

K.A.R. 115-4-2. Big game and wild turkey; general provisions.

1. Amend proposed subsection (a)(1) as follows:

(1) Each permittee shall sign, record the county, the date, and the time of kill, and attach the carcass tag to the carcass immediately following the kill and before moving the carcass from the site of the kill. Except for a wild turkey or big game animal taken with an “either sex” permit, the beard of the wild turkey or the head of the big game animal shall remain naturally attached to the carcass while in transit from the site of the kill to the permittee’s residence or to a place of processing or preservation, unless the carcass has been tagged with a department check station tag or the permittee has obtained a transportation confirmation number after electronically registering the permittee’s deer on the department’s electronic registration site. “Electronically registering” shall mean submitting any necessary and relevant information and digital photographs of sufficient clarity of the deer head and of the completed carcass tag of sufficient clarity to display the species and antler class of the deer and the transaction number and signature on a completed carcass tag. The carcass tag shall remain attached to the carcass until the animal is processed for consumption. The permittee shall retain the carcass tag until the animal is consumed, given to another, or otherwise disposed of.
