Submit a hard copy of the proposed rule(s) and regulation(s) and any external documents that the proposed rule(s) and regulation(s) would adopt, along with the following to: Division of the Budget
900 SW Jackson, Room 504-N
Topeka, KS 66612

I. Brief description of the proposed rule(s) and regulation(s).

This proposed amendments to the regulation would reduce the price of 30 percent service-connected disabled veteran licenses and permits by half.

II. Statement by the agency if the rule(s) and regulation(s) is mandated by the federal government and a statement if approach chosen to address the policy issue is different from that utilized by agencies of contiguous states or the federal government. (If the approach is different, then include a statement of why the Kansas rule and regulation proposed is different)

This is not a federal mandate. Missouri, Oklahoma, Nebraska and Colorado all have varying fees dealing with licenses and permits.

III. Agency analysis specifically addressing following:

A. The extent to which the rule(s) and regulation(s) will enhance or restrict business activities and growth;

The proposed amendments will not enhance or restrict business activities or growth.

B. The economic effect, including a detailed quantification of implementation and compliance costs, on the specific businesses, sectors, public utility ratepayers, individuals, and local governments that would be affected by the proposed rule and regulation and on the state economy as a whole;

The proposed amendments will reduce costs for resident disabled veterans when purchasing issuances of the Department.

C. Businesses that would be directly affected by the proposed rule and regulation;

None.

D. Benefits of the proposed rule(s) and regulation(s) compared to the costs;

The proposed benefit is a reduction in fees for resident disabled veterans.

E. Measures taken by the agency to minimize the cost and impact of the proposed rule(s) and regulation(s) on business and economic development within the State of Kansas, local government, and individuals;

There are no costs to business and economic development associated with this proposal.

F. An estimate, expressed as a total dollar figure, of the total annual implementation and compliance costs that are reasonably expected to be incurred by or passed along to business, local governments, or members of the public.

There are no implementation or compliance costs associated with this proposal. The change would result in a reduction to the wildlife fee fund of approximately \$29,500 annually.

An estimate, expressed as a total dollar figure, of the total implementation and compliance costs that are reasonably expected to be incurred by or passed along to business, local governments, or members of the public.

There are no implementation or compliance costs associated with this proposal. The change would result in a reduction to the wildlife fee fund of approximately \$29,500 annually.

Do the above total implementation and compliance costs exceed \$3.0 million over any two-year period?

YES NO

Give a detailed statement of the data and methodology used in estimating the above cost estimate.

There are no implementation or compliance costs with this proposal. There were 1068 RDV combination hunting and fishing licenses, 404 RDV fishing licenses, and 23 RDV hunting licenses sold in 2018. Reducing the fees for each issuance by half results in a loss to the wildlife fee fund in the amount of approximately \$29,500 annually.

Prior to the submission or resubmission of the proposed rule(s) and regulation(s), did the agency hold a public hearing if the total implementation and compliance costs exceed \$3.0 million over any two-year period to find that the-estimated costs have been accurately determined and are necessary for achieving legislative intent? If applicable, document when the public hearing was held, those in attendance, and any pertinent information from the hearing.

YES NO

G. If the proposed rule(s) and regulation(s) increases or decreases revenues of cities, counties or school districts, or imposes functions or responsibilities on cities, counties or school districts that will increase expenditures or fiscal liability, describe how the state agency consulted with the League of Kansas Municipalities, Kansas Association of Counties, and/or the Kansas Association of School Boards.

Not applicable.

- H. Describe how the agency consulted and solicited information from businesses, associations, local governments, state agencies, or institutions and members of the public that may be affected by the proposed rule(s) and regulation(s).**

News releases to every newspaper in the state, discussion at prior public hearings and meetings which are broadcast online, publication in the Kansas Register and publication on the Department's website.

- I. For environmental rule(s) and regulation(s) describe the costs that would likely accrue if the proposed rule(s) and regulation(s) are not adopted, as well as the persons would bear the costs and would be affected by the failure to adopt the rule(s) and regulation(s).**

Not applicable.
